Background: Democratic Candidate David Reid

During the 23 years that David served as a Naval Intelligence officer, he was awarded the distinguished Navy Commendation Medal 3 times. David grew up in the United Methodist Children's Home in Richmond, where earning 35 cents an hour taught him the value of a hard-earned dollar and the importance of hard work. David has lived in Ashburn for 17 years; his daughters went to public schools there. He is a soccer coach for the community teams.

Why this Race Matters most:

It's time to move forward with positive change: improve transportation, education and grow the economy with green energy jobs, expand Medicaid to bring federal dollars to VA, and support women's reproductive rights.

Why Democrat David Reid?

David will focus on improving transportation for Northern Virginia with ideas such as common sense "distance-based" pricing for the Dulles Freeway.

David will advocate for energy independence and protecting the environment and help create new, high-tech energy jobs. David will advocate for reassessing the funding formulas so Loudoun County gets back its fair share for our needs in transportation, education, and public safety. We send \$1 to Richmond but only get back 30 cents.

Why NOT Republican Incumbent Thomas TAG Greason?

Greason has consistently voted against Medicaid expansion. That means that VA has lost billions of dollars of federal funding and lost thousands of new jobs that would have been created.

Greason has voted to make it more difficult for ordinary citizens to vote by increasing voting requirements and paperwork. Greason is endorsed by the NRA and votes for the positions favored by them.

Side by Side on Key Policy Issues:

	Democrat Position	Republican Position
Healthcare	David supports the expansion of Medicaid for over 400,000 Virginians. The expansion would bring \$2 Billion per year of federal money to the State.	Greason has voted with all other Republicans against Medicaid expansion year after year.
Women's rights and women's health	David believes a woman has the right to make decisions about her health and body without interference from the state.	Greason has sponsored and supported many bills against women's rights: (1) to limit a woman's right to choose (2) to defund Planned Parenthood and (3) to prevent poor women from receiving federal money for some contraceptives.
Preventable gun violence	David supports gun safety measures to include: universal background checks, mental health checks, and restrictions on convicted domestic abusers.	Greason has repeatedly voted against common sense gun safety bills.

Additional information about candidate:

David was the first person in his family to graduate from college. To achieve that, he received Pell Grants, Guaranteed Student Loans, College Work Study, and academic scholarships. That is why he supports making college affordable for everyone.
