

Believes we should not only expand Medicaid but work towards universal health care. We already pay more than any other developed nation and get less quality. There is a better way.

Believes in increasing the Minimum Wage to a Living Wage and linking it to increases in the cost of living.

Believes government should invest in Job growth programs.

Committed to increasing investment in Renewable Energy. It will create jobs and is an investment in our children's future.

Committed to quality and affordable K-12 education and wants to reverse the state's underinvestment for this.

Fiscal Conservative which means not just cutting for the sake of cutting but using our tax dollars efficiently.

Opposes Voter ID laws. We shouldn't do anything to make it harder for citizens to exercise their constitutional right to vote.

Opposes the enforcement of immigration laws by Local and State law enforcement. We are all safer when immigrants (regardless of status) feel comfortable reporting crimes to local law enforcement.

Believes we should legalize and regulate marijuana to provide funding to mitigate the opioid crisis in our commonwealth.

Believes reproductive choices should be up to a woman and her doctor, no one else.

Believes in protections against employment, housing, adoption and other discrimination on the basis of sexual orientation and gender identity.

Strongly committed to redistricting reform so that elected officials are accountable to their constituents. Politicians should not be allowed to choose their voters.

Believes that voting rights should be restored to felons who have served their time.

Supports paid maternity and paternity leave. Believes in "equal pay for equal work."

Believes that tuition free Trade School, Community College and University Studies will help all our citizens pursue their dreams and support their families.
